CARRER OBJECTIVE

Motivated and detail-oriented fresher seeking opportunities in Data Analytics and Business Analysis. Skilled in Excel, SQL, and Power BI with a strong interest in data-driven decision making, reporting, dashboard creation, and business insights. Eager to learn and contribute to organizational growth through analytical and problem-solving skills.

PROJECT

- **Hotel Management Website:** Developed a web-based hotel booking system using Python, HTML, CSS, and MySQL with user login, room/hall booking, online payment, cancellation, and refund features.
- **Swiggy Sales Analysis Dashboard (Power BI):** Developed an interactive Power BI dashboard to analyze Swiggy food delivery data including sales trends, customer behavior, order patterns, and revenue insights for better business decision-making.
- **AQI_daily_city_mumbai_2024(Power Bi):** Built an interactive Power BI dashboard for Mumbai AQI analysis using Excel data. Performed data cleaning, transformation, and visualization to identify air quality trends. Created KPI cards, calculated columns, and insightful reports using Power BI.

| • Karmaveer Bhaurao Patil College , Navi Mumbai
HSC : 50.30% | 2021-2023 |
| • Nutan Vidya Mandir , Mankhurd
SSC : 76.20% | 2021 |

INTERNSHIP

- **Data Science & Analytics Internship** Imarticus Learning, Thane
I completed a Data Science & Analytics Internship where I learned and worked with Python, SQL, and Power BI. During the internship, I worked on different datasets, used SQL to extract and manage data from databases, performed data analysis using Python, and created interactive dashboards in Power BI. I also gained hands-on experience working with multiple databases, writing SQL queries, and analyzing data to generate meaningful insights.

CERTIFICATION

- [Deloitte Data Analytics Job Simulation](#)
- [Data Science & Analytics Internship](#)
- [Data Visualization using Tableau](#)
- [WordPress and Drupal for Website Development](#)
- [GenAI Powered Data Analytics Job Simulation \(TATA\)](#)
